Sir:

In response to the Notice of Allowance dated August 31, 2006 the following comments are provided.

REMARKS

Applicants consider the Application allowable for the reasons given in the Record and for additional reasons. Further, specifically regarding the statement made in the Reasons for Allowance on page 7 concerning "domain" and "path", as previously stated, Calamera is distinguishable in that it does NOT encrypt an address portion of a URL, but a URL (domain plus path) together with a user identification code and a random number (column 7, lines 31-36, 42-57) and for other reasons.

Respectfully submitted,

Alexander J. Burke
